

Homeschoolers, it can be a long journey when you walk it alone.

GROW YOUR CONFIDENCE WITH SUPPORT AND RESOURCES FROM THOSE WHO'VE BEEN THERE

Go beyond "teaching" and journey with us to *realize* and *develop* your child's genius.

Homeschooling is an incredibly *rewarding*, yet incredibly *challenging* journey.

And its not just an 8 am – 3 pm / 180 days a year thing you're pursuing.

Your goal is way beyond that. Your goal is to build lifelong learners.

IT'S EASY TO GET OVERWHELMED WITH THIS HUGE RESPONSIBILITY

ALL OF THESE QUESTIONS RUNNING THROUGH YOUR MIND WILL HAVE YOU DOUBTING YOURSELF FROM DAY ONE.

- Do you have to be the expert in "everything"?
- Do you have a mentor to turn to if you need support?
- Do you have what it takes to weather each age and phase?
- How will you handle supporting your child through high school and into college?
- What if your child's struggles are beyond your expertise?
- How can you ensure your children are learning everything they need to learn for their future success?

AND THAT JUST WON'T DO.

You need a support system who can walk with you through those times when you aren't sure where else to turn.

WE'VE BEEN IN YOUR SHOES FOR OVER TWO DECADES.

And we know how to help you navigate the forks in the road.

HOMESCHOOLERS LIKE YOU HAVE THE POWER TO CHANGE THE WORLD.

We want to partner with you to help you realize your greatest potential.

Here are some ways we can help you...

Three times a year, we gather with the focus of inspiring parents and educators (primarily in the homeschooling realm) who carry the awesome responsibility of educating themselves in order to educate their children. This work literally changes the world.

Participants leave our conference with life changing paradigm shifts, with inspiration, with new ideas and renewed energy to help their children realize their full potential.

"Today was inspirational, thought provoking, and paradigm changing. Thank you!"

I WANT TO EMPOWER MY TEEN!

Hi! I'm Heidi.

I homeschooled my five boys for the last 20 years. I've mentored fellow homeschoolers for 14 years.

And I want to help you too.

I know what you know: **your child is unique**. Your child has their own *gifts, talents* and *ways of learning*. I also know that you are uniquely equipped to homeschool your child. **Even when you feel lost or unsure**.

I believe that within every child lies genius waiting to be discovered. I believe that homeschooling is the best way to unlock that genius.

So... what is "genius"? And how do I know your child has it?

I've watched over and over again that moment when a **child's eyes light up** with understanding. I've seen an unengaged student **make a connection** that spurs him to want to know more. I've watched children **dive deep** into a subject they are passionate about and become **unstoppable**.

Genius is hiding everywhere, there's no one-size-fits-all container it's kept in. You have chosen a unique path that

will lead your child... and you... **to realize your full potential**... to be the genius God created you to be.

My two decades of homeschooling, my experience working in **various educational settings**, and my passion to **nurture homeschoolers** and their parents make me *uniquely qualified to help you on your homeschooling journey*.

It's my mission to help you reach your full homeschooling potential by supporting you to *recognize and develop* the genius in your child.
